## 2024 Spring Edition

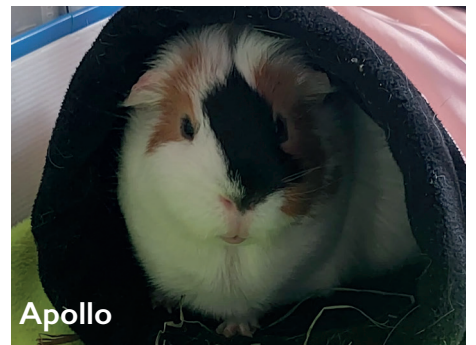

### A Tribute to the One and Only Rose

I am very sad to say that we had to say our final goodbyes to our longtime Sanctuary resident this week. Rose was originally adopted by Lisa as an unwanted pup and given two weeks to live. Six years later and with a life time of loving, hand feeding and Veterinary care for a whole spectrum of illnesses and ailments, the time had come as her little body was shutting down. 😞

Rose arrived in the Sanctuary in 2022 and quickly established herself as the Queen of the Ark! Her demands for pea flakes, fresh grass and all fresh food to be served first before all others were legendary. 😊 She was lovingly supported by Lisa and her family throughout her life and she is greatly missed.
